

## *Preface*

The Mille Lacs Band Statutes Annotated was first published in 1996. Since then, the Band has enacted a number of ordinances that promulgate new statutes and amend and repeal some of the existing statutes.

This version of the Mille Lacs Band Statutes Annotated incorporates additions, amendments and repeals of the Band's statutes as of May 14, 2004. The ordinances adding to, amending and repealing the Band's statutes are identified in two tables. The first table provides a summary of the disposition of each ordinance, and the second table shows the specific disposition of each section of each ordinance. In addition, the Historical and Statutory Notes in this version of the Mille Lacs Band Statutes Annotated have been updated to show the source of new provisions, amendments and repeals. It should be noted, however, that the Cross References have not been updated, and are simply retained from the 1996 version of the Mille Lacs Band Statutes Annotated.
